Re: Request for Progressive Design Build Proposal
The Pennsylvania State University
Waste Water Treatment Plant Renovation
University Park, PA

To: Burns & McDonnell
CH2M
Clark Construction Group
Haskell
Mascaro Construction
MWH Constructors
PC Construction Company
Quandel Construction Group

Congratulations, your team has been selected to be a part of the long list for the design and construction of the above referenced project. The Selection Committee will review responses to this Request for Proposal (RFP) and identify a short list of three firms to be interviewed. The RFP document provides details on the project program, project delivery details, selection process, selection criteria, and submission requirements. The RFP and all attachments will be available via BOX by May 9, 2017. An email invitation for access will be sent to contacts provided via the RFQ process. If it becomes necessary to revise any part of this RFP, an addendum will be issued to all firms on record of having received the original RFP.

Please note the RFP and supporting attachments are considered confidential. You are hereby notified that any disclosure, copying, distribution or use of any of the information contained in, referenced, or attached to the RFP for use other than in response to this project information request is prohibited. As such, news releases pertaining to this project shall not be made without prior approval by Penn State. Additionally, the contents of the RFP are to remain confidential and are not to be made public.

We appreciate your cooperation and interest in preparing this material. Questions, comments, or additional information requests should be directed to Rachel Prinkey, Project Manager, rbp13@psu.edu, 814-867-1536.

Sincerely,
Steve Watson
Director, Campus Planning and Design
